Re: New Expert Reports on the Tamir Rice Shooting

Dear Mr. McGinty:

As you know, this firm, The Chandra Law Firm LLC, and FirmEquity represent Samaria Rice; her daughter T.R.; and Tamir Rice's estate. We write to provide you with three new expert reports on the shooting death of Tamir Rice.

Two of these are supplemental reports by Roger Clark and Jeffrey Noble, whose original reports were provided to you on November 27, 2015. Mr. Clark's and Mr. Noble's supplemental reports address the enhanced video stills, which your office released on November 28, 2015, and the statements of Officers Loehmann and Garmback, which your office released on December 1, 2015.

The third report is by Dr. Jesse L. Wobrock who has a Ph.D. in biomedical engineering from UCLA and has testified as an expert in biomechanics and kinetics hundreds of times all over the country. Dr. Wobrock's analysis focuses on the video stills you released on November 28, 2015 and the officer statements you released on December 1, 2015. His analysis is ground-breaking and it is critically important that the grand jury consider it.

Dr. Wobrock is available to testify before the grand jury on December 9, 2015. If that date is not convenient for you or the grand jury, please let us know. We will wait to hear from you to make the arrangements for his appearance.

Sincerely,
