Re: Request for special prosecutor to investigate criminal acts against Stacy Hinnners on May 14, 2019 at the Huron City Council meeting

Dear Prosecutor Baxter:

I write on behalf of my clients, Jason and Stacy Hinnners, to request that your office appoint a special prosecutor to investigate the potentially criminal campaign by Huron's mayor, a councilmember, and potentially other officials to interfere with the Hinnnerses civil rights.

1. The Hinnnerses are attorney civic activists committed to protecting the rule of law in Huron city government.

Mr. and Mrs. Hinnners are active citizens of Huron, engaged in local affairs and committed to their civic duty to supervise their elected representatives. Their First Amendment rights are precious to them: they regularly attend public meetings and seek access to public records to inform themselves—and their neighbors—about city business. They have been especially concerned about apparently illegal payments to City Manager Andrew White that City Council approved in secret meetings, in violation of the Open Meetings Act (R.C. 121.22).

Mr. and Ms. Hinnners petitioned the government to redress these grievances through civil-litigation actions under the Ohio Public Records Act and the Open Meetings Act.

2. Mayor Brad Hartung—potentially acting with the city manager Andrew White and Aimee Lane's assistance and acquiescence—ordered false, retaliatory charges be brought against Ms. Hinnners.

But when Ms. Hinnners went to the City Council's May 14, 2019 meeting to inform her neighbors about the Open Meetings Act complaint she and her husband had filed the day before (with two items on that evening's Council agenda to cover up the misdeeds), Mayor Brad Hartung berated and threatened her—ostensibly for having faced the audience when describing officials' misconduct. (The Rules of Council online contain no rule proscribing

conduct about speaking at Council meeting. No rule exists about facing council, speaking at the lectern, or being limited to three minutes to speak.)

At the very moment Ms. Hinnners raised Council's illegal payment of \$15,000 to the city manager without a decision in an open meeting as required by Ohio law, Mayor Hartung cut off Ms. Hinnners's speech. He cut her off at two minutes and 52 seconds—refusing to let her finish her remarks, when he has—she noted then and there—given others more time. (Videos of other Council meetings available from the City will prove this.)

When Ms. Hinnners noted again that the mayor had permitted others to speak longer on other topics, giving him examples, Mayor Hartung shouted over her and threatened she would be “charged with disrupting a public meeting.” He complained that she was “making a mockery” of the Council by “turning and talking.” She noted that he was committing a “First Amendment violation,” returned to her seat, and quietly observed the meeting continue.

Five minutes later, acting on Mayor Hartung's orders—and apparently, according to the police report (copy enclosed), on Police Chief Robert Lippert's orders too—two police officers interrupted the City Council meeting. Without justification, they walked directly to Ms. Hinnners (who, again, was sitting quietly) and insisted she leave the room with them for interrogation. When she—a former civil-rights lawyer who knows her rights and knew the mayor's order was unconstitutional—respectfully declined, the officers grabbed Ms. Hinnners by the arms and lifted her out of her seat. Wearing high heels and holding papers in her hands, she wobbled as the officers tried to drag her into an aisle.

That night, the officers charged Ms. Hinnners with “disrupting a lawful meeting” under H.C.O. 509.04, a fourth-degree misdemeanor. They charged her even though they did not personally observe any “disruption,” as required by Ohio law for this type of alleged offense before an officer may charge.¹

The next day, I called and wrote the law director demanding the unconstitutional charge be dismissed immediately. The law director did not do so. Indeed, she seemed to not comprehend that statutorily, she has prosecutorial authority.

By Friday, May 16, one of the officers upped the ante with a charge of resisting arrest under H.C.O. 525.09, despite the fact that any warrantless “arrest”—as required by the Fourth Amendment to the U.S. Constitution and the Ohio Constitution—was unlawful to begin with, again, based on the officers' lack of personal observation of any disruption, and the plainly First Amendment-protected speech in which Ms. Hinnners had been engaged.

Our fact investigation has gathered evidence—citizen video footage of the Council meeting—suggesting that Mayor Hartung sought and obtained the concurrence of both

¹ R.C. 2935.03. *See also State v. Henderson*, 51 Ohio St. 3d 54, 56, 554 N.E.2d 104, 106 (1990) (“As a general rule, an officer may not make a warrantless arrest for a misdemeanor unless the offense is committed in the officer's presence.”); *State v. Dunn*, 6th Dist. Lucas No. L-87-317, 1988 WL 81803, at *2 (Aug. 5, 1988) (“R.C. 2935.03(A) prohibits an officer from arresting a person for a misdemeanor offense on the basis of hearsay evidence alone, unless such offense involves violence, domestic violence, theft or illegal drugs.”).

City Manager Andrew White and Law Director Aimee Lane to unlawfully charge Ms. Hinnners. The video shows Hartung walking during Ms. Hinnners's speech to White and Lane and pointing toward Ms. Hinnners.

3. Father Jeffrey McBeth testifies that Councilman Glen Ginesi opposed Jason Hinnners's diaconate candidacy because of Mr. Hinnners's criticisms of the government.

Beyond the unconstitutional prosecution of Ms. Hinnners, we have learned that another Huron councilmember, Glen Ginesi, has been targeting Jason Hinnners as well for his lawful speech criticizing the government.

Mr. Hinnners, who is a candidate to be a deacon in the Catholic Diocese of Toledo, was approached by his parish priest, Father Jeffrey McBeth, who reported that Councilman Glen Ginesi contacted Father McBeth and opposed Mr. Hinnners being ordained as a deacon because of Mr. Hinnners's work in exposing the government's misdeeds.

A copy of Father McBeth's sworn affidavit is enclosed. He testifies about Ginesi's efforts to leverage Jason Hinnners's diaconate candidacy in an effort to stop criticism of the government:

4. At some time in April 2019, Huron City Councilman Glen Ginesi approached me shortly before a city council meeting. He asked for a moment of time to express his concerns about Mr. Hinnners, who is currently in formation to become a deacon in the Church.
5. Councilman Ginesi told me that as a member of council, he felt Mr. Hinnners was attacking him personally by causing problems at city council meetings and criticizing the government for a perceived lack of transparency.
6. Councilman Ginesi felt that Mr. Hinnners was acting in a non-Christian way when he criticized council and said he was "bewildered" to learn that Mr. Hinnners was under consideration for the diaconate or any prominent leadership role within the Church.
7. Councilman Ginesi asked me if I could be "part of some solution" to his disputes with Mr. Hinnners over issues at City Council. I was hesitant about disclosing what Mr. Ginesi might consider a confidential communication, but Mr. Ginesi told me to "tell him you heard it from me."
8. I have separately reached out to Chief Bob Lippert about the charges against Ms. Hinnners and received a voicemail message from saying him that he could not yet discuss the case with me but expected that he would need to pull me in at some point to help resolve it.

4. Request for special prosecutor and potential charges against all those interfering with the Hinnnerses' civil rights.

Even as a civil-rights litigator, criminal-defense attorney, former federal prosecutor, and former Cleveland law director, I have rarely seen civil-rights retaliation cases as blatant as

this. Videos provided by witnesses and by the City itself prove definitively that Ms. Hinners never “disrupted” council’s meeting, that she never resisted arrest, and that the charges against her were pure retaliation for the exercise of her right to criticize the government. (Her arrest was unlawful retaliation to begin with, and so she could not have “resisted” arrest as a matter of blackletter law; as you know, “resisting” requires a lawful arrest. R.C. 2921.33(A).)

And Councilman Ginesi’s effort to derail Mr. Hinners’s diaconate candidacy, explicitly driven, as Father McBeth testifies, by Mr. Hinners’s criticisms of the government, is one of the most brazen and contemptible acts of First Amendment, free-speech retaliation—and attacks on the free exercise of religion—imaginable. Mr. Hinners is still suffering from this assault on his faith.

Given Mr. Hinners’s prior employment in your office, and your employment of relatives of some of those involved in this matter, we understand that you may not be able to personally oversee the prosecution of crimes against Mr. and Ms. Hinners. We therefore ask that you to appoint an independent prosecutor who can investigate the conduct of Mayor Hartung and others involved, and charge them for all applicable offenses, which may include violations of the relevant parts of following statutes:

(1) Interfering with civil rights (R.C. 2921.45):

- (A) No public servant, under color of his office, employment, or authority, shall knowingly deprive, or conspire or attempt to deprive any person of a *constitutional or statutory* right.
- (B) Whoever violates this section is guilty of interfering with civil rights, a misdemeanor of the first degree;

(Emphasis added.)

Mayor Hartung, under color of his office, employment, and authority, knowingly deprived and conspired and attempted to deprive Ms. Hinners of her constitutional and statutory rights under the First Amendment (free speech and the right not to endure retaliation for it, the right to petition her government and not to endure retaliation for it); Fourth Amendment (the right against unreasonable seizures); Fourteenth Amendment (applying the First and Fourth Amendments to the states); and 42 U.S.C. § 1983 (the federal civil-rights statute); her Ohio statutory right to be free from warrantless arrest for a misdemeanor that did not take place in the presence of arresting officers (R.C. 2935.03); her rights under the Ohio Public Records Act (Hartung has complained about Ms. Hinners’s enforcement of this Act); the Ohio Open Meetings Act (she had just filed and announced the lawsuit); as well as the Revised Code provisions discussed below, among others.

And Councilman Ginesi, under color of his office, employment, and authority, knowingly deprived and conspired and attempted to deprive Mr. Hinners of his constitutional and statutory rights under the First Amendment (free speech, free exercise of religion, and right not to endure retaliation), Fourteenth Amendment (applying the First Amendment to the states), and 42 U.S.C. § 1983 (the federal civil-rights statute), his rights under the Ohio Public Records Act and Ohio Open Meetings Act (Ginesi was complaining about Mr.

Hinners's recent use of these Acts), as well as R.C. 2921.05(A) (Retaliation) discussed below, among others.

(2) R.C. 2917.32 Making false alarms:

(A) No person shall do any of the following:

- (3) Report to any law enforcement agency an alleged offense or other incident within its concern, knowing that such offense did not occur.

(C)

(1) Whoever violates this section is guilty of making false alarms.

(2) Except as otherwise provided in division (C)(3), (4), (5), or (6) of this section, making false alarms is a misdemeanor of the first degree.

Mayor Hartung reported to a law-enforcement agency, the Huron police department, an alleged offense or other incident within its concern, that is, an allegation that Ms. Hinners had "disturbed a lawful meeting," knowing that such offense did not occur.²

(3) R.C. 2921.03 Intimidation:

(A) No person, knowingly and by force, by unlawful threat of harm to any person or property, or by filing, recording, or otherwise using a materially false or fraudulent writing with malicious purpose, in bad faith, or in a wanton or reckless manner, shall attempt to influence, intimidate, or hinder a public servant, party official, or witness in the discharge of the person's duty.

(B) Whoever violates this section is guilty of intimidation, a felony of the third degree.

Mayor Hartung, knowingly and by unlawful threat of harm to a person, Stacy Hinners, and by causing (see also R.C. 2923.03 Complicity) to be filed, recorded, and otherwise using a materially false and fraudulent writing, namely both charges against Ms. Hinners, in bad

² *Toledo v. Thompson-Bean*, 173 Ohio App. 3d 566, 572, 2007-Ohio-4898, ¶ 21 (6th Dist.) ("R.C. 2917.12 has been construed to require a showing that the disruption was 'substantial,' meaning 'major, consequential, effective or significant,' 'of considerable quantity or dimension, or of solid effect.'").

faith, in a wanton and reckless manner, attempted to influence and hinder public servants in the discharge of their duties, namely court officials and jurors, and intimidate a witness, namely Ms. and Mr. Hinners as witnesses to government misconduct in their Open Meetings Act lawsuit.

(4) R.C. 2921.05 Retaliation:

(A) No person, purposely and by force or by unlawful threat of harm to any person or property, shall retaliate against a public servant, a party official, or an attorney or witness who was involved in a civil or criminal action or proceeding because the public servant, party official, attorney, or witness discharged the duties of the public servant, party official, attorney, or witness.

(B) No person, purposely and by force or by unlawful threat of harm to any person or property, shall retaliate against the victim of a crime because the victim filed or prosecuted criminal charges.

(C) Whoever violates this section is guilty of retaliation, a felony of the third degree;

Mayor Hartung, by unlawful threat of harm to Ms. Hinners, namely the threat (and reality of) initiating of prosecution, retaliated against attorney and witness Stacy Hinners, who was involved in a civil action or proceeding because she discharged the duties of being an attorney and witness by filing the Open Meetings Act complaint and exhibits she filed and through her prior litigation over public records against the city.

Councilman Ginesi's conduct discussed above also violates R.C. 2921.05(A). His conduct constituted a thinly veiled unlawful (First Amendment retaliatory) threat of harm to Mr. Hinners's free exercise of religion.

(5) R.C. 2917.12 Disturbing a lawful meeting

(A) No person, with purpose to prevent or disrupt a lawful meeting, procession, or gathering, shall do either of the following:

(1) Do any act which obstructs or interferes with the due conduct of such meeting, procession, or gathering;

(2) Make any utterance, gesture, or display which outrages the sensibilities of the group.

(B) Whoever violates this section is guilty of disturbing a lawful meeting, a misdemeanor of the fourth degree.

Under (A)(1), Mayor Hartung, with purpose to disrupt a lawful meeting and gathering, namely the City Council meeting's public-comment portion of the agenda, did acts to obstruct and interfere with the due conduct of the meeting and gathering, namely falsely accusing Ms. Hinners of disturbing the meeting and arranging for a police-seizure-and-ejection interruption to the meeting.

Under (A)(2), Hartung also made utterances and displays, namely the orders that Ms. Hinnners be seized and ejected from the meeting, that outraged the sensibilities of the group, as shown by the comments of audience members who can be heard exclaiming while she is being manhandled by officers:

- “This is insane!”
- “Man!”
- “Let her go!”
- “Oh, my God!”
- “Come on!”
- “Hey, this is ridiculous, Brad!”
- “Unbelievable!”

The special prosecutor’s mandate should be broad enough to include both the investigation of any other participants in the City’s retaliation against Mr. and Mrs. Hinnners—including, as the evidence warrants, Councilman Ginesi (Interference with Civil Rights, Retaliation for the previous public-records lawsuit, and possibly Complicity), City Manager White and Law Director Lane (Complicity)³, Police Chief Robert Lippert (who the police report indicates ordered the officers to make an arrest despite none being present to personally observe any offense at the meeting), and the officers, John W. Orzech and Kevin Koehler, who pulled Ms. Hinnners out of council chambers and detained her, despite having observed her only sitting quietly in the meeting.

The investigation should also encompass the illegal financial transactions Mr. and Mrs. Hinnners discovered, which may constitute soliciting or accepting improper compensation (R.C. 2921.43):

- (A) No public servant shall knowingly solicit or accept, and no person shall knowingly promise or give to a public servant, either of the following:
- (1) Any compensation, other than as allowed by divisions (G), (H), and (I) of section 102.03 of the Revised Code or other provisions of law, to perform the public servant's official duties, to perform any other act or service in the public servant's public capacity, for the general performance of the duties of the public servant's public office or public employment, or as a supplement to the public servant's public compensation;
 - (2) Additional or greater fees or costs than are allowed by law to perform the public servant's official duties.

³ Any claim of attorney-client privilege is eviscerated by the crime-fraud exception, in which case privilege does not attach. Where the client’s purpose in seeking legal “advice” is to commit a crime—which, as shown above it was, attorney-client privilege does not apply.

(D) Whoever violates this section is guilty of soliciting improper compensation, a misdemeanor of the first degree.

Please note that beyond the criminal concerns discussed above, Mayor Hartung's direct orders to the police officers (even in public) and apparently to the police chief (apparently in private) constitute malfeasance in office under Huron's Charter:

SEC. 4.05. COUNCIL: RELATION TO CITY MANAGER. Except for the purpose of inquiry or investigation, the **members of the council shall deal with the administrative employees of the city solely through the city manager**. No member of council shall take the initiative in the appointment or removal of officers or employees subordinate to the city manager. **Neither the council nor any member or committee thereof shall give any orders to a subordinate of the city manager either publicly or privately. Any council member who violates any of the provisions of this section** or votes for any ordinance or resolution in violation thereof **shall be guilty of malfeasance in office** and upon conviction thereof he shall cease to be a council member and shall be ineligible to hold further office or employment in the city government for a period of two years.

(Emphasis added.)

Finally, the importance of an independent prosecutor's appointment is underscored by the dubious way in which the city's prosecuting authorities have handled the situation.

As I summarized above, on May 15, the morning after Ms. Hinnners's detention, I called and wrote Law Director Aimee Lane, a partner at Walter & Haverfield, demanding immediate dismissal with prejudice of the then-single charge against Ms. Hinnners. During the call, Ms. Lane's partner Mark Wallach said in response to my dismissal demand that they "want to talk to the client"—apparently not grasping that prosecutors have independent obligations on behalf of the people and the State, and have no civil "client," i.e., the non-lawyer mayor, who should be driving such decisions based on his self-interest, or otherwise.

I noted in my correspondence that Lane herself was apparently involved in the underlying events, and that she should consider the ethical considerations carefully.

The next day, despite these entreaties, Huron police officer John W. Orzech added the charge of "resisting arrest," despite

- the element of a lawful arrest being missing,
- the video showing no resisting, just Ms. Hinnners teetering on her heels with papers in her hands,
- no officer ever informing Ms. Hinnners she was under arrest (they just demanded she submit to questioning), and
- no officer advising Ms. Hinnners of her *Miranda* rights.

Nor had the officers shown the slightest concern for what would happen to her minor son, who watched his mother being abused.

On May 21, Ms. Lane appointed a special prosecutor, Wayne Nicol, a prosecutor in Vermillion, but it did not take us long to find out that Nicol works with a co-prosecutor, Sara J. Fagnilli, who is *Director Aimee Lane's associate* at Walter & Haverfield—and that Nicol also works day-to-day with Vermillion's Police Chief Chris Hartung—*Mayor Brad Hartung's brother*.

The next day—within minutes of a member of the media leaving messages for Lane and Nicol asking about these conflicts, Nicol sent us an email announcing he would not be special prosecutor.

Although a new special prosecutor was then appointed to handle the *State v. Hinnners* case, the continuing failure to dismiss the charges, and the foregoing circumstances, do not yet give us confidence that Huron will approach this matter fairly. Director Lane's new special-prosecutor-appointment letter of Michael J. O'Shea also does not state that the prosecutor's authority encompasses examining city officials' *own* potential criminal conduct.

In their single-minded zeal against the Hinnnerses, Huron officials seem blind to that.

And in the May 28, 2019 Huron Council meeting, when Councilman Joe Dike raised a motion to direct City Manager White to ask Director Lane to dismiss the charges against Ms. Hinnners, White and Lane said Lane couldn't be involved because she was a "witness" to what happened to Ms. Hinnners. *But Lane offered the Council no guidance or access to alternative legal advice.* She left the Council unrepresented in the matter and effectively protected continued prosecution, leaving her clients—and numerous citizens who protested the prosecution at that meeting that night—voiceless.

Please contact me at 216.965.6463 (m) if you have any questions about this request. We look forward to hearing from an independent, special prosecutor soon.

Sincerely,

Subodh Chandra

Affidavit of Father Jeffrey McBeth

I, Father Jeffrey McBeth, having been duly sworn, state as follows:

1. I am over the age of 18 and competent to testify to the facts below based on personal knowledge.
2. I am an ordained priest in the Roman Catholic Church. Since 2013, I have been pastor at St. Peter's Catholic Church in Huron, Ohio.
3. For some time, I have been aware that two of my parishioners, Jason and Stacy Hinnners, have been critical of the City of Huron government because they believe that it has not been adequately transparent.
4. At some time in April 2019, Huron City Councilman Glen Ginesi approached me shortly before a city council meeting. He asked for a moment of time to express his concerns about Mr. Hinnners, who is currently in formation to become a deacon in the Church.
5. Councilman Ginesi told me that as a member of council, he felt Mr. Hinnners was attacking him personally by causing problems at city council meetings and criticizing the government for a perceived lack of transparency.
6. Councilman Ginesi felt that Mr. Hinnners was acting in a non-Christian way when he criticized council and said he was "bewildered" to learn that Mr. Hinnners was under consideration for the diaconate or any prominent leadership role within the Church.
7. Councilman Ginesi asked me if I could be "part of some solution" to his disputes with Mr. Hinnners over issues at City Council. I was hesitant about disclosing what Mr. Ginesi might consider a confidential communication, but Mr. Ginesi told me to "tell him you heard it from me."
8. I have separately reached out to Chief Bob Lippert about the charges against Ms. Hinnners and received a voicemail message from saying him that he could not yet discuss the case with me but expected that he would need to pull me in at some point to help resolve it.
9. Because I do not yet have enough facts about how Mr. Hinnners has behaved in his interactions with city government, I have not yet taken any action based on Councilman Ginesi's complaint. Interacting with government is not inconsistent with Catholic teaching, which calls us to speak out against injustice wherever we see it, though we must do so with charity and respect.

I declare the preceding facts to be true under penalty of perjury.

Chief Lippert contacted me in reference to an unknown subject causing problems at the Huron City Council Meeting. Ofc Koehler and I responded and were met by Mayor Brad Hartung. Mayor Hartung advised us that Stacy Hinnners was disrupting the council meeting and he wished for her to be removed. Ofc Koehler and I entered the Huron Municipal Court room where the meeting was being held. We located Ms Hinnners and requested she step out of the meeting so that we may speak with her.

Ms Hinnners refused to exit the meeting and instead began arguing. Mayor Hartung again informed us that he wished to have Ms Hinnners removed from the meeting. Officers informed Ms Hinnners she would now have to leave the meeting or it would result in arrest. After multiple attempts of trying to persuade Ms Hinnners to leave the meeting on her own accord, she informed officers we would have to forcefully remove her. Ofc Koehler grabbed Ms Hinnners right wrist and I grabbed her left wrist attempting to place her in the escort position. Ms Hinnners then began resisting us and attempting to pull away. Ms Hinnners was placed against a nearby wall

Stacy Hinner was issued summons #1446 for Disturbing a Lawful Meeting (M4). She was given an initial court appearance on May 17th, 2019 in Huron Municipal Court. An attempt to gain audio and video will be made and attached to this report along with a statement from Mayor Hartung.

**COMPLAINT AND REQUEST FOR INJUNCTIVE RELIEF
FOR VIOLATIONS OF OHIO PUBLIC MEETINGS ACT**

Plaintiffs Stacy Chubak Hinnners and Jason Hinnners, for their Complaint against Defendants City of Huron, Mayor Brad Hartung, Vice Mayor Trey Hardy and Council Members Sam Artino, Joe Dike, Glen Ginesi, Rick Schaffter and Christine Crawford, state as follows:

I. PRELIMINARY STATEMENT

1. This is a civil action against the City of Huron (“City”) and the seven members of its City Council in their official capacities (“Council”) for repeated violations of the Ohio Open Meetings Act, R.C. §121.22 (“Open

Meetings Act”). In January 2018 and again in December 2018, Council held executive sessions during which its members improperly engaged in collective decision-making and took formal actions including, but not limited to, paying secret bonuses to the City Manager totaling \$15,000.

2. Plaintiff seeks all remedies available under law and equity, including statutory fines and injunctive relief remedying past violations including, but not limited to, an Order from this Court: (1) voiding any official action and expenditures taken as a result of the Open Meetings Act violations and prohibiting a planned effort by Council to correct the violations through subsequent legislation; (2) preventing City Council from engaging in future violations of the Open Meetings Act; (3) ordering that those members of City Council who commit any future violations be removed from office by a *quo warranto* action brought by the County Prosecutor; and (4) awarding Plaintiff their reasonable costs in bringing this suit.

II. JURISDICTION AND VENUE

3. The Court has jurisdiction over Plaintiff’s claims under R.C. §2305.01 and §121.22.

4. Venue in this Court is appropriate under R.C. §121.22 because, among other reasons, Defendants conducted the activities complained about in Erie County.

III. PARTIES

5. Plaintiff Stacy Chubak Hinnens is a United States citizen who resides in Erie County, Ohio, and within the City of Huron.

6. Plaintiff Jason Hinnners is a United States citizen who resides in Erie County, Ohio, and within the City of Huron.

7. Defendant City of Huron is a municipal corporation located in Erie County, Ohio. At all times relevant hereto, it was governed by a City Council that consists of seven duty-elected members: Defendants Mayor Brad Hartung, Vice Mayor Trey Hardy, Council Member Sam Artino, Council Member Joe Dike, Council Member Glen Ginesi, Council Member Rick Schaffter and Council Member Christine Crawford.

8. Council is a “public body” as defined under R.C. §121.22.

26. Upon information and belief, also during this executive session, Defendants collectively decided whether to increase the City Manager's salary in the amount of three (3) percent. This improper decision and formal action was explicitly noted on City Manager's performance evaluation, a true and accurate copy of which is attached as Exhibit 7.

27. Upon information and belief, also during this executive session, Defendants collectively decided that they would pay the City Manager a performance bonus in the amount of \$5,000.00. This improper decision and

formal action was explicitly noted on City Manager's performance evaluation, a true and accurate copy of which is attached as Exhibit 7.

Plaintiff offered Defendants the opportunity to resolve the issue by taking the remedial actions set forth in the Open Meetings Act. A true and accurate copy of Plaintiff's letter to Defendants dated April 9, 2019, is attached as Exhibit 9.

34. Defendants responded to Plaintiff's in a letter dated April 30, 2019, a true and accurate copy of which is attached as Exhibit 10. Tacitly admitting to the Open Meetings Act violations that Plaintiff identified, City of Huron Law Director Aimee Lane proposed that during the regularly-scheduled meeting to be held on May 14, 2019, Defendants "will be placing two proposed resolutions on the agenda...to ratify and approve the merit compensation paid to City Manager Andrew D. White for his satisfactory performance evaluations for the years 2017 and 2018 and to expressly provide that because payment has been made, no repayment by Mr. White or further payment by the City will be required."

35. These proposed resolutions constitute threatened violations of R.C. §121.22 as they seek to ratify Defendants' improper conduct in the executive sessions in January 2018 and December 2018. R.C. §121.22(H) expressly states that, "[a] resolution, rule, or formal action adopted in an open meeting that results from deliberations in a meeting not open to the public is invalid unless the deliberations were for a purpose specifically authorized in division (G) or (J) of this section and conducted at an executive session held in compliance with this section."

38. Defendants' violations R.C. §121.22 have caused irreparable harm. Pursuant to R.C. §121.22, irreparable harm is "conclusively and irrebuttably presumed" where a public body violates the Open Meetings Act such as Defendants repeatedly have and/or have threatened to do herein.

VI. PRAYER FOR RELIEF

WHEREFORE, Plaintiffs pray that the Court enter judgment against Defendants, jointly and severally, for all of the following:

Audience Comments

The Mayor referenced the audience members in attendance as well as conversations and correspondence received relative to their concerns pertaining to medical marijuana dispensaries; specifically, the group referenced hearing of a purchase of the former Burger King facility on Cleveland Road West by a to be used for the operation of a medical marijuana dispensary. The Mayor noted that he would like to waive the 3 minute Audience Comments time limit to allow those who have come to address Council and take more time if needed. He then invited audience members to address Council:

- Gordon Hahn, 804 Bogart Road- Expressed concern overall with the proposed dispensary on the west side of the city. He acknowledged those patients in pain looking for alternatives and expressed sympathy for them, but shared his main concern being the uncertainty of the long term impact. He referenced the proximity of the location to Woodlands School and concern for the

children. He commented that this could lead to a potential increase in criminal activity and would be a strain on law enforcement. He thanked City Council for consideration on the matter.

- Tim Sowecke, 346 Ohio Street-noted he was not present to discuss the merits or pros/cons of a dispensary, but encouraged City Council and Administration to have open discussions and get more information on the subject out to the public and seek public input on the matter. He suggested debating the issue publically and consider legislation to be voted upon.
- Beth Fisher, 214 Ohio Street- noted she is opposed to a dispensary in the city. She stated that everyone knows that this is not about a medical marijuana dispensary- that eventually this will become a pot shop. She expressed concern for the children and the community overall. She referenced her post on social media regarding the topic and the negative comments she has received. She expressed her opinion that marijuana is addictive and stressed that she is not against medical marijuana as she would welcome a holistic medical facility, but this is not what she believes this facility will be.
- MaryAnn Hahn, 804 Bogart Road- echoes the sentiments of previous speakers, expressing that she doesn't believe this facility is a good thing for Huron, adding that this is not good for families in the community and could deter future residents from locating here.
- Shannon Pollack, Lands End- commented that there is an increased incidence of schizophrenia with marijuana use. She added that there are statistics that she could provide to City Council in a future meeting.
- Gina Woody, Berlin Road- commented in favor of medical marijuana facilities and availability; referencing this is an alternative to opioids, provides relief for patients in need, and would generate revenue and jobs. She referenced states that have medical marijuana available, noting it is time to provide a better alternative to prescription pain pills for those in need. She referenced state regulations of the recommendation process and dispensing facility regulations.
- Steve Fisher, 214 Ohio Street- Referenced emails and phone calls he has sent/made to Council members on this topic. He thanked members for their service to the community, but noted his serious concern relative to this issue. He explained his concern is for the families in Huron by allowing a dispensary, noting that he is even more concerned for the future if the state makes changes to the law, such as allowing recreational use, and how that will affect the community at that point. He commented that the talk in the community is that this is a done deal and that the agreement with the cultivation facility contained terms which authorized a dispensary, asking if this was accurate. He stated that if that is true, he would hope that Council will legislate that out as he does not want to see a dispensary within the city. He stated he is not against the medical aspect and referenced those in pain, acknowledging that this is a legitimate concern. He noted that he is against a dispensary operation anywhere within the city as he is concerned this will affect the character and culture of the community. He asked Council to consider legislation to stop dispensary operations within the city as some other cities have done and asking for prayers on the issue. Mr. White commented that it can be frustrating to come to a meeting and make statements to Council without getting answers and suggested to Mr. Fisher that he would be glad to meet with him to discuss the matter further and review the state legislation. He further noted he would be happy to meet with anyone else who had questions.
- Sandy Legando, 817-Cleveland Road West- Referenced the opioid/heroin epidemic, citing health officials who agree that marijuana is a gateway drug. She referenced her concern that the drug will be overprescribed and referenced her own family experience related to drug use. She asked that Council reconsider having a dispensary as her concern is that medical marijuana will be handed out/over prescribed just as opioids are. She referenced that she feels that Council members knows this is wrong and it's only about money. She commented that City Council's decision of revenue versus the consequences of allowing a dispensary needs to be considered.
- Chris Hakeman, cafeteria worker at Woodlands School. She noted concern with the location of the facility as children will be passing the facility to get to/from school.

- Mark Barker, 5238 Liberty Drive- shared his and his family's experience with addiction, commenting that marijuana is a gateway drug and expressing concern with the location near the school and the Rye Beach area. He noted he understands city officials want to bring revenue in, but noted the proposed location is in an area where there are already problems. He noted this will negatively affect some families in the community. He commented he had not heard anything about a dispensary previously and noted the talk in town is that this is a done deal. Asked that Council think this through more and pray on the matter.
- Ms. Legando asked City Council to confirm if in fact this is a done deal and was it (dispensary) part of the contract language with the cultivation facility as this is the rumor going around in the community.

The Mayor explained the initial purchase agreement with Ohio Patients Choice (OPC) had a provision referencing dispensary operations, but the language was removed from the agreement. He explained that there are restrictive covenants in the Corporate Park which would have not allowed sales in that location. He explained OPC had since gone and found another property within the city that is zoned General Business and they put a deposit down on it and submitted their application for a dispensary license with the state which was due in November. The Mayor noted the city does not know if OPC will be granted a license by the state and doesn't know if they would be buying the building. The Mayor referenced that OPC provided City Council a presentation in the October work session meeting explaining their plans and that they had made a down payment on the Burger King property. The Mayor explained that one topic that a few Council members have been talking about is legislation banning recreational sales within the city explaining that this would address some of the concerns relative to the future use of the facility, noting that this topic will be discussed further in future meetings. Speaking on behalf of City Council, the Mayor noted public concerns are of interest to City Council, stating that Council members have children in the school system as well, and noting that this is not just about money.

Audience members began addressing Council from the floor- one asking if Council could guarantee that before they (OPC) get their license for the dispensary, City Council legislate recreational marijuana use out. Others restating the question asked about banning medical marijuana dispensaries altogether. Audience members began conversing with each other over legal medical marijuana dispensaries versus a potential future legalization of recreational marijuana. At this point, Mr. Hahn asked if the city has the power to stop the dispensary. Mayor Hartung responded that he believes, yes the city does have the power; but added that the city would be opening itself up to a lawsuit because this would be spot zoning to that specific piece of property by changing it and noted that he would not personally vote for that as he would not want to open the city up to a lawsuit by taking such an action after the fact. Ms. Legando interrupted, asking specifically if City Council has the power to stop the medical marijuana dispensary from coming into the Burger King on Cleveland Road in Huron. Ms. Alkire responded "No"; the property is currently zoned to allow that use and referencing that this is a private land sale. Ms. Alkire continued: OPC did approach the city, as part of their application for the dispensary license, to acknowledge on a form, whether or not the property was properly zoned for that use. She added that there are no zoning restrictions on the property currently to prohibit it. (Inaudible comment) Ms. Alkire stated that there is nothing the city can do to change the zoning of that property right now, at this time, without exposing the city to a massive amount of liability. Mr. Hahn and Ms. Legando then stated that they came here to share concerns and the city knew it was already a done deal and the city can't stop it. Mr. Fisher stated that from what he read, the city can legislate this out if it wanted to and cited many examples of other cities that have done so. He then referenced the number of applications for dispensaries and urged City Council to pass legislation to prohibit these. Mr. Fisher began addressing some Council Members expressing where he believes they stand on the issue: stating the Mayor and Mr. White are for dispensaries, to which the Mayor confirmed that he is in support of medical marijuana, stating then that Mr. Hardy was on the fence and, Mr. Schaffter was not in support of dispensaries. Mr. Schaffter confirmed he was against it, and noted for the record that he had brought up at the last meeting

whether or not the city could stop this but it was noted that the timing of the conversation was sketchy. Mr. Schaffter noted he does not consider this a zoning issue, he considers the issue being that the business is in or the business is out. He added that he doesn't understand how a lot of the other communities legislated it out nor does he know the details of their legislation. Mr. Schaffter noted he would like this researched further.

- Jackie Hamilton, 412 Dockway Drive- She noted she was speaking from a Pastor's perspective and a family perspective explaining that she has heard many stories and knows many people who specifically moved to Ohio to avoid the marijuana issue in Colorado due to a spouse who is using marijuana. She explained kids will know that this is a dispensary and it will become a family issue. She notes that this is not a good thing, although she acknowledged the benefit that for those who need medical marijuana, for a medical issue, and who can get it from a physician in pill form. She stated she is not that familiar with medical marijuana but stated she knows you can overdose on it. She stated those that really need it can get it – medically for those purposes, but it just doesn't need to be so available. She referenced that people who don't really need it are going to want it and will find a doctor to write a script for it.
- At this point, the Mayor referenced that he would continue the discussion at the next meeting and invited all to return on January 23rd and that perhaps the venue can be changed to accommodate more room. He also noted that he would ask to have officials from OPC in attendance in order to answer questions and to provide information.
- Tim Sowecke stated it is imperative that the Law Director research if the dispensary can be legislated out and provide the answer.
- The Mayor addressed Mr. Fisher directly and confirmed that he is in fact supportive of a dispensary and shared details of his mother's illness, effects of prescription medications and her passing, and noting that he believes there is a use for medical marijuana.

In conclusion, the Mayor invited audience members to attend the next regular meeting on January 23 as the city will try to have officials from OPC in attendance. He asked the Fisher's to please contact him with an approximate number of attendees in order for the city to determine if an alternate venue will be required.

- Ed Enderle, 804 River Road, Huron Township Trustee- Thanked Councilman Ginesi for his work on the Scott Cemetery Board, recognized the Street Department personnel for their snow plowing efforts and mowing on River Road. He also recognized the Fire Department personnel. Lastly he commented that not all things that look economically beneficial to the community are beneficial to the community.

City Manager's Discussion

- Referenced the agreement with Erie County relative to bulk water sales, their current daily usage volume and explained that per the terms of the agreement and based on this volume, Erie County will be due a credit of roughly \$26,000 on the first quarter bill. Noted that he and the Mayor met with Erie County officials as they are researching options to boost pressure on both the east and west sides of town to service their customers with low pressure issues. He explained they also discussed with Erie County the potential to work collaboratively on the Rye Beach Sanitation Sewer Plant which is constantly under review by the EPA for performance standards and mentioned Erie County discussed potential construction of a sanitary sewer line on the land between Woodlands Elementary and Wexford West which would be a benefit for future development in the area.
- Referenced the Finance Committee and a recommendation to transfer \$200,000 to the Economic Development Fund pursuant to the General Fund surplus policy.

- Distributed copies of the EPS design proposal for the electrical substation, noting the fee of \$125,000 and referencing the funding from Jobs Ohio in the amount of \$200,000. Review of the proposal ensued. Recapped Mucci's timeline to be operational and the need to get the substation underway. Ms. Alkire provided an update on the annexation, noting the city received confirmation from Mucci's attorney that the plat was to be recorded today or tomorrow and administration would anticipate legislation on the January 23 Council agenda.
- **Medical Marijuana Dispensary-** Mr. White referenced the timeline of the state legislation relative to cultivation facilities and recapped the timeline of the discussions with OPC relative to the cultivation facility in the city-owned property in corporate park, negotiations, and authorization by City Council in a public meeting for the purchase of the property in Corporate Park. He explained that retail use in Corporate Park is prohibited- so a dispensary is not able to go in Corporate Park. He referenced, as the Mayor had pointed out, a dispensary was originally part of the original agreement, but was removed from the agreement. He recapped the delay by the state in the award for cultivation licenses, which was delayed by approximately three months. He acknowledged the city was aware of OPC's interest in a dispensary but the transaction itself was between two private entities; a negotiated sale took place between them and an option was secured. Ms. Alkire provided overview of the dispensary districts: North East District 8 is comprised of four counties: Erie, Huron, Richland and Ashland. She explained the state will be issuing two (2) licenses for this district. She noted what was learned after the application deadline of November 17, 2017 was that there were 5 applicants for Erie County. She noted the state does not identify the locations. She noted that the city was approached by OPC for confirmation that the location of where they wanted to place a medical dispensary was zoned for that use. She noted that it is, explaining it is in a General Business District and the city had never pursued a ban or moratorium on cultivation, processing or dispensing within its city limits. She added that there was one (1) applicant in Huron County. She noted the State has not yet issued licensing for dispensaries and the city does not know when the state will do so. She explained the purchase agreement with OPC for the cultivation facility was contingent upon them securing their cultivation license and when they were granted that license in November, the sale actually closed. Mr. White stated that OPC is a very reputable entity and ranked third highest in the state license scoring for the cultivation license and have demonstrated themselves to be professional. Mr. White noted some of the concerns raised have been more focused on the future unknown if recreational use of marijuana becomes legalized and what may then happen to the medical dispensary. He explained that discussion has taken place to prepare legislation proactively prohibiting recreational sales within the city. He clarified further that with regard to the private business (dispensary), the only notice the city was actually responsible to address would have been a permit confirming the zoning was General Business which he stated the city did provide. Mr. White again invited those with questions, to reach out and set a meeting with Administration and invited all to attend the January 23, 2018 meeting.

Mayor's Discussion

- Referenced the Saturday February 24 work session of Council/Planning Commission/Finance Committee from 9am to noon.
- Thanked all those in the audience for attending and encouraged all to come back on January 23, 2018. Asked that the group keep in contact to provide an estimated number of people who will attend in order for the city to plan accordingly if a change in venue is needed.
- Referenced Erie County pressure problems on the east and west side. He talked about some options that were presented and that the city would continue to discuss the matter with Erie County. He also referenced the potential sanitary sewer connection on the vacant land which would be a benefit to future development.

- Two (2) executive sessions being requested: 1) Contract negotiations 2) Compensation of a public employee. No business to follow the executive sessions.

For the Good of the Order

- Mr. Ginesi referenced an increase in signage being posted on public property and/or in public right-of-way areas and noting this is not allowed in and asked that Zoning pull these signs and enforce the code. He noted he read the law on medical marijuana and referenced that perhaps the city look into limiting advertising signage of these facilities, asking for an opinion from the Law Director on this topic. He encouraged the Township to look into this as well. Referenced transitions in sidewalks /street areas at the Berlin Road intersection and asked that the city look into repairs for these. He asked for the status of buoys on the east side of town. Mr. White explained the city has corresponded with the Coast Guard and they have made request for modifications to the application.
- Mr. Dike thanked all who attended and addressed some of those personally that he had spoken to. Mr. Dike addressed the Law Director stating that he understood there have been 6 applications submitted for medical marijuana dispensaries and only two (2) will be granted licenses by the state and therefore OPC may not be granted a license; asking if this was correct. Ms. Alkire confirmed that was correct.
- Ms. Crawford recognized the Street Department for their efforts in plowing and shoveling areas and reminded all private residents to dig out Fire Hydrants on their property. She thanked all who attended and noted she believes everyone in the room has good intentions in the matter and encouraged all to remain involved in the community and continue to provide input.
- Mr. Hardy thanked all for attending and sharing their opinions, noting City Council will continue to listen.
- Mr. Schaffter referenced an article from the Business Journal relative to cities that have banned dispensaries. He referenced the Mansfield News Journal which contained an article on a dispensary that had gone through the Planning Commission process, got the approval, had a lease in place and then the City Council turned around and banned the dispensary from the city. He stated that he believes more research needs to be done and that he doesn't believe this has to do with Zoning and that Council needs to vote on it.

Executive Sessions

Motion by Mr. Schaffter that the regular meeting of January 9, 2018 be recessed for the purpose of holding an executive session to discuss contract negotiations. The Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

Audience Comments

- Judy Tann, 131 Wheeler Drive –Ms. Tann inquired about the culvert issue on Wheeler Drive and referencing a potential issue as a construction project is taking place at a home in the area. The Mayor advised Ms. Tann to speak with City Engineer Doug Green following the meeting regarding the Wheeler Drive project.
- Shaun Bickley, 128 Richland Ave- Mr. Bickley referenced the proposed extension of bed tax to transient rentals, noting his concern and opposition to the increased tax, and concern relative to the conditions and occupancy capacity being advertised on some rentals. He stressed that 7% tax is a large tax to impose on these businesses, referencing his own rental properties and the effect this would have. He suggested a safety program be established to address conditions, perform inspections and establish guidelines; volunteering to work with the city on such an effort. The Mayor suggested Mr. Bickley meet with administration to review what the city is proposing and discuss Mr. Bickley's suggestions. The Mayor clarified with regard to the extension of bed tax to transient rentals: of the 7% tax, 4% goes to the County, and 3% would come to the city. Mr. Bickley then addressed Council regarding the ConAgra site, noting that he too competed in the USGS survey to bring the facility to his property in Sandusky, expressing concern that the city had not provided the same opportunity for local businesses with regard to the ConAgra project, noting he would like to have the opportunity to bid on such a project.

- Ms. Tann, 131 Wheeler Drive- Ms. Tann referenced taxes paid by Bed & Breakfasts and noting the inclusion of VRBO and Airbnb/transient rentals under bed taxes evens the playing field for all of these types of rental properties.

The Mayor asked if there was any discussion on the motion. The Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

YEAS: Hardy, Crawford, Hartung, Ginesi, Schaffter (5)
NAYS: Dike, Artino (2)

There being five votes or more in favor of the motion, the Mayor declared the motion passed on suspension of the rules. The Mayor directed the Law Director to read the Resolution by its title only. The Mayor asked if there was any discussion. Mr. White explained the resolution authorizes a renewal agreement of the existing terms and conditions with Juniper CRE for 2019 with cost remaining the same at \$60,000. Mr. Dike inquired about the opinion of the Economic Development Committee relative to the contract. Mr. Ginesi noted the committee did not address the contract specifically, but referenced the attendance of Juniper at all EDC meetings, weekly discussions, and the work of Mr. Burnside, expressing that he believes the overall consensus of the committee would be positive. Mr. Ginesi also referenced discussions that the city should be working to have its own Economic Development individual in the future. Mr. Artino referenced great economic development growth in the few years prior to the city hiring Juniper and noted the original scope of Juniper's contract was as a consultant to advise the city how to market specific properties; adding that some on Council and Administration expanded Juniper's role to have them more involved and explained he didn't believe the two businesses that have come into the city since Juniper started were a result of them. He referenced the expenditure of \$200,000 to date to Juniper, and questioned Council members on the return on investment for taxpayers. Mr. Hardy responded to Mr. Artino, commenting on the cost of \$60,000/yr. for a team of experts, noting that the city couldn't pay an individual in-house this amount to do what Juniper has done and referenced development in the city including Mucci Farms, OPC, and others, stating that Juniper was involved and has contributed to bring those to fruition. Mr. Hardy referenced the work load on Administration noting that Council members have commented on this in the past, and questioning how any more responsibilities could be added, asking Mr. Artino to provide suggestions/solutions. Mr. Artino commented that Mucci Farms was already in the works when Juniper was hired and referenced his concerns with the return on the money for taxpayers. Mr. Ginesi commented on the reasonable cost for the service provided, and referencing Mr. Burnside has recommended and supports the future goal of an in-house economic development individual as well. Ms. Crawford referenced language in the proposal allowing the parties to amend the scope, asking if the city were to restructure and bring this position in-house, would the city be able to terminate the contract. Mr. White confirmed the provision. Mr. Schaffter pointed out the figure of \$200,000 referenced by Mr. Artino was a cumulative figure over the years. There being five votes or more in favor of the motion, the Mayor declared the motion passed on suspension of the rules. The Mayor directed the Law Director to read the Resolution by its title only. The Mayor asked if there was any discussion. Mr. White recognized Chief Lippert, noting this resolution would authorize the annual submission of the grant application, reviewing the \$35,000 being requested and the city match of \$8,750. Chief Lippert noted a correction to the figures he had represented in the legislative summary, explaining the maximum the city can ask for from the state this year is \$45,000, and the city contribution would then be \$11,000 if awarded. He explained the department generally budgets \$10,000 for the match, but has received under this amount in the past. Mr. White noted this cost was included in the 2019 budget and a budget appropriation adjustment could be done if needed. There being no further discussion, the Mayor directed the Clerk to call the roll on the final adoption of Resolution 2018-96. Members of Council voted as follows:

There being five votes or more in favor of the motion, the Mayor declared the motion passed on suspension of the rules. The Mayor directed the Law Director to read the Resolution by its title only. The Mayor asked if there was any discussion. Mr. White referenced this resolution authorizes the annual contract with EPS for the provision of electrical utility consulting services within the Corporate Park. He explained the \$20,000 annual expense which is not normally used in full, is utilized for routine maintenance related to Huron Public Power. He referenced the electrical work and expense associated with the electrical substation being separate from this contract and noted the future placement of the second transformer and the coordination needed for Phase II and III of Mucci Farms which would fall under the general engineering contract. He also referenced discussions relative to future lighting projects. He recommended that this agreement with EPS be considered mainly to help the city with management of the utilities in Corporate Park and providing general services relating to the electrical substation. A discussion ensued based on an inquiry from Mr. Dike regarding potential expansion of HPP, Mr. White referenced past discussions explaining they have not come to fruition due to lack of resources, but noting the city is in a different position now with the substation and could be discussed advising to consider inclusion of this task on Goals/Objectives if desired. The Mayor referenced discussion with the City Manager relative to concerns with projects that EPS performed relative to delays on the Main Street Lighting project and delays with the transformer construction. He noted he addressed

concerns with Mr. Spacek relative to the substation project and was assured the deadline could be met, but noted the deadline was not met, and it was due to the contractor providing incorrect information on delivery. The Mayor asked if Mr. Spacek has gone back on the contractor to try and recoup some of the money with regard to the loss of 2 months of revenue from electrical service. Mr. White advised the city has not finalized the cost for the substation, but referenced provisions within the contract the city can pursue. Mr. White noted he could have discussions with Mr. Spacek to contact PEPCO's subcontractor and get an accounting from Mr. Spacek. Mr. White noted the second transformer is expected to be delivered as part of the project. Mr. Dike referenced the tour of Mucci Farms in response to concerns with light emissions and asked if Mucci will provide suggestions on the matter. Mr. White replied that he believed there is more work to be done, but noticed the issue has seemed to improve. He referenced the demonstration of the blackout curtains noting that they work, and explaining it is when the greenhouse needs to be vented and the curtains opened slightly that the light emission becomes a problem. Mr. White noted that the issue is one that Mucci would have to work on and in response to a question by Mr. Dike; noted this would not be an issue for EPS to address. There being no further discussion, the Mayor directed the Clerk to call the roll on the final adoption of Resolution 2018-97. Members of Council voted as follows:

Mr. White referenced the agreement with Mucci Farms relative to the electrical consumption included an impact fee which will generate revenue to be deposited into the General Fund explaining that anticipated over the three phases of the project the city estimates a benefit to the community of \$2 million on annual basis, noting the impact this will have on the community. He referenced a slight impact on real estate valuations from the county as well. Assistant/ Permit Tech, modifications to address wages within the AFSCME contract, the addition of a FT Parks Maintenance person, and the position of Executive Administrative Assistant/Clerk of Council. He reviewed the Supplementary Schedule referencing the changes to the Clerk of Courts, new minimum wage, and the inclusion of a PT Zoning Inspector, explaining this is to provide the option of filing the position either on a PT or FT basis. Mr. Artino asked if there was any consideration to bring another agency in from another community for Zoning Inspector. Mr. White noted that could be an option explaining the budget would provide funding for either an individual or a contract. Mr. Artino noted he wished to have more discussion on this matter before action is taken. The Mayor noted it has been a couple years since a salary study was done asking how often this should be performed. Ms. Alkire noted the city is behind as it is recommended a study be done every 3 years. She referenced that the job descriptions for the proposed positions were included in Council correspondence packets and noted the descriptions and salary ranges were based on surveys of municipalities similar in size. The Mayor noted he believed a salary study needs to be done. In response to a question from Mr. Dike, Mr. White clarified the potential transition of the current Clerk of Council to Zoning, explaining this would create the vacancy reflected as Executive Administrative Assistant/Clerk of Council. Mr. White addressed HR, explaining that administration has been inquiring about services from various firms explaining that the Law Director handled the day to day administration of HR and questions from employees, but administration is looking to move away from the Law Director handling HR and looking into several options noting the preference being to contract out for service. Mr. White noted the ordinance will provide for the transaction to transfer this

property to the city prior to the year end and noted conversation and commitment at the Huron Joint Recreation District level and a strong partnership with the schools for future collaboration efforts. Ms. Alkire referenced the legislative summary, noting that there is approximately another week before all documentation will be finalized, but was placed on the agenda to honor the request of Dr. & Mrs. Dreffer as this will be the last meeting of the year and will allow the City Manager to accept the donation. Ms. Alkire noted a survey has been commissioned and in response to a question by Mr. Dike about clearing trees and brush, Ms. Alkire replied if it is necessary for his improvement then the expense would be on Mr. Waldoock. Mr. Dike asked about clearing trees and brush on the water plant property, Mr. White replied that there are no plans to do so, but can be taken under advisement. Mayor Hartung addressed members, referencing emails earlier in the day regarding the addition of Ordinance 2018-41 to the agenda and comments made by Mr. Artino relative to the addition. Mayor Hartung referenced discussion at the November 27th work session where this was discussed, and this legislation had been planned for this agenda. The Mayor noted he didn't realize that Mr. Artino had left the meeting when this had been discussed. He explained that on Thursday when reviewing the agenda, he made the decision to pull this item off the agenda as there were a few questions to be addressed by Liberty and when the questions were answered Mr. Siley asked to come and address Council as he had previously proposed at the last work session. The Mayor then referenced a phone conversation he had with Mr. Artino who was upset that the item was added to the agenda; a heated exchange ensued between the Mayor and Mr. Artino.

Ordinance 2018-41

Motion by Mr. Schaffter that the three reading rule be suspended and Ordinance 2018-41 (AN ORDINANCE AUTHORIZING THE CITY MANAGER, ON BEHALF OF THE CITY OF HURON, TO EXECUTE A PURCHASE AGREEMENT WITH LIBERTY DEVELOPMENT COMPANY FOR A THREE (3) ACRE PORTION OF PARCEL NUMBER 42-61270.001 LOCATED ON THE FORMER CONAGRA PROPERTY.) be placed upon its first reading. The Mayor asked if there was any discussion on the motion. The Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

YEAS: Schaffter, Hardy, Crawford, Hartung, Ginesi (5)

NAYS: Dike, Artino (2)

There being five votes or more in favor of the motion, the Mayor declared the motion passed on suspension of the rules. The Mayor directed the Law Director to read the Ordinance by its title only. The Mayor asked if there was any discussion. Mr. White recognized Mr. Dru Siley of Liberty Development in attendance, referencing the first phase of development for the ConAgra site, the solicitation from USGS relative to a facility bringing 20 jobs to the location, and noting the 35 day response time to the USGS opportunity. Mr. White noted the terms of the agreement remain as they have been since inception, referring to the financial review section of the legislative summary, noting Council budgeted \$147,500 in 2017 and to date the city has expended \$94,000, leaving a balance of \$50,000 remaining. He recapped the project history including the Master Services agreement, expansion of the contract time, and site/infrastructure issues; explaining that if adopted, both parties (Liberty and the City) would have responsibilities and tasks to complete in the 180 day period and referenced provisions within the 180 period affording both parties terms to terminate the agreement.

Ms. Alkire referenced the legislative summary and agreement:

- Agreement is for 3 acres of the southern portion of ConAgra (Parcel A). She noted the previous explanations and discussions in various meetings that due to the requirement of stabilization of the soil for development, the three acres of land previously identified for residential development are not feasible in Phase 1 therefore the southern 3 acres reflected in Parcel A was proposed for commercial development.
- The \$60,000 purchase price recoups the management fees that were agreed upon in the Master Service Agreement adopted by Council and later extended by Council via a motion.
- 180 day Due Diligence Period: Several items to follow will require future legislative action by Council. During this period the city would need to address the utility infrastructure, coordination with intergovernmental partnerships with regard to these utilities, and TIF financing. She referenced the presentation at the work session meeting of November 27, 2018 relative to the

proposed terms and explained that Parcel B-(6 acres) remain under the ownership of the city and are not included with this agreement.

In response to questions from Mr. Dike, Ms. Alkire and Mr. White provided the following responses: The extension to the Master Services Agreement was passed by Council on May 8, 2018 for an additional 180 days. AECOM, not Vocon, provided the conceptual park design and this was included with what has been delivered. Mr. White also pointed out that the 180 extension did not require additional compensation to Liberty Development. Ms. Alkire explained the commitment that Liberty Development is looking for is an identification that Liberty is in an agreement with the city for use of the parcel and in the process of closing on the parcel. The stabilization referenced in the agreement is for the 3 acres (Parcel A) noting these are more stable than the center area where the residential area was proposed and where the wick drain system was recommended; different stabilization is to be used in this area. The land swap agreement is anticipated at the first meeting in January; the city is awaiting the final exhibit to be approved from ODNR and city council will have to legislatively approve the agreement. The dedication of the public roadway will also be legislatively approved. The estimated cost to the city for the utility infrastructure is \$1 million and Mr. White noted the city would be looking at TIF and grant funding available and commenting the largest cost would be with the sanitary sewers. Engineering and bidding to be done within the 180 days, not the construction. Mr. White noted if the cost for the utilities comes in higher, that is sufficient to postpone the project. Terms of reimbursement within the agreement for site stabilization: once the building is engineered and designed and the stabilization identified, Liberty Development will have to present this along with an estimate and it will have to be determined who will bear the cost. As proposed, the conceptual public park design was estimated at \$1million, but the final design would have to be determined by Council and the final cost determined. Mr. White noted the city has provisional acceptance from the Ohio EPA to handle the moisture on the other 6 -7acres contingent upon it being released into a sanitary sewer system, he referenced the benefit of having the sanitary sewer in the place for the future development of the remaining acres.

Mr. Siley thanked Council for allowing him the opportunity, and provided a comprehensive recap of the actions taken to date, challenges encountered on the site, and recommendations for solutions. He recapped previous presentations: the 4' compliance cap on the entire site, geotechnical study results, site stabilization requirements, wick drain solution proposed to address stabilization, EPA requirement that wick drain process be drained into a sanitary sewer system prompting the need to have sanitary sewer infrastructure in place. He referenced previous reports, explaining that due to the site stabilization conditions and process to address this, a rethinking of the original plans ensued with consideration of how to create value on the site and manage the city's cost and exposure resulting in the proposed change in location and to commercial development, explaining this was how the opportunity for the boat and office facility came about and then explain that USGS issued an RFP for a location and dock site to which Liberty replied and have been named to the short list referencing a 35 day time period to respond to USGS. Mr. Siley reported that Liberty has worked very hard to create an opportunity for this vacant property, noting they have been extremely efficient and assertive stewards of taxpayers' dollars. He referenced the expansion of the scope, the park design provided by AECOM which was not envisioned in the initial term but was included into the scope and noted that Liberty facilitated the land swap process with their surveyors providing the legal descriptions and working with the city engineer. He noted Liberty Development is asking for Council approval to move to the next phase toward development of the site.

Mr. Dike and Mr. Artino expressed concerns relative to other marina owners within the community. Mr. Artino noting the city hasn't provided them the opportunity for property. Mr. Artino commented the agreement doesn't meet the intent of the original agreement which called for condominiums, stating this phase wasn't talked about and doesn't believe it binds the city to this agreement and cited concerns for the future in selling the other portions for condominiums as he doesn't

think people would want to live near boat storage. In response to Mr. Schaffter, Mr. Siley noted the entire operation/staff of USGS would be relocated.

Mr. Dike asked if the plans were reviewed by the EDC and Planning Commission, Mr. White commented that there have been discussions in both committees and Mr. Siley did present to Planning Commission. It was noted that Ms. Mast of the Economic Development Committee commented there was discussion but she had not seen the plans. **Motion by Mr. Artino to table Ordinance 2018-41 for further discussion.** Mr. Hardy questioned tabling the ordinance without specifics, referencing the 35 day deadline and holidays approaching. Mr. Dike noted he would like to take more time and get input on the matter before making a decision on this important property. Mr. Siley referenced the 16 months of work, public outreach, presentations at public work sessions, and committees meetings, the 180 due diligence period, and additional legislation required by Council. Ms. Alkire noted that failure to have a meeting of the minds between Liberty and the City during the 180 period provides the city the opportunity to cancel the agreement within that time. Mr. Dike noted the Planning Commission also had questions relative to the change from residential and that is why he wants more input. Mr. Artino noted he wanted input from community businesses to know how this will impact them. Mr. Hardy noted this was discussed over two weeks ago and one person has come in to voice an opinion and no one else has contacted the city. The Mayor noted that he believes Liberty is the right partner going forward, but noted he has concerns with the cost of the utility infrastructure and wants to confirm city costs. Mr. Siley noted the agreement allows the city the time to do this. Mr. Ginesi questioned the need for a decision tonight versus waiting a week. A discussion ensued between members as to the advantage of tabling and the need to set a defined date to revisit the matter. Mr. Schaffter agreed that this should be tabled for a week and get a solid estimate for utilities costs and call a special meeting next week. Mr. Ginesi asked Mr. Siley the plan if Liberty is not awarded the USGS bid; Mr. Siley noted they would continue to work on the other parts of the development, the boat facility and other office tenants. In reply to Mr. Ginesi regarding the boat facility, Mr. Siley explained the residents of the condos would have preferred access to the facility. Mr. Artino asked that input from the Economic Development Committee and the Planning Commission be provided on the matter.

Motion by Mr. Artino to amend his previous motion, tabling Ordinance 2018-41 until December 20, 2018 for a special meeting of City Council.

YEAS: Artino, Ginesi, Schaffter, Hardy, Crawford, Hartung (6)
NAYS: Dike (1)

There being five votes or more in favor, motion passes and Ordinance 2018-41 tabled until a special meeting to be held on December 20, 2018.

2019 Board/Committee/Commission Appointments

Mayor Hartung referenced the board appointments set to expire December 31, 2018, noting he has contacted members whose terms are expiring to re-appoint them to another term. He also explained that the city received one application from Mr. Kevin Kieffer, for the vacancy on the Finance Committee and noted typically there would be interviews set if more than one application was received, but under the circumstances he would like to appoint Mr. Kieffer. Mr. Ginesi noted that Mr. Kieffer is an accountant for his company. Mr. Artino commented that he didn't believe Mr. Ginesi should remain on the Finance Committee due to this. Ms. Crawford referenced meeting Mr. Kieffer at a function and noting his interest in serving.

Motion by Mr. Schaffter to approve the re-appointments and the appointment to the Finance Committee as noted. Mayor asked if there was any discussion on the motion. The Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

YEAS: Schaffter, Hardy, Crawford, Hartung, Dike, Artino, Ginesi (7)

Re: Notice Of Suspected Open Meetings Act Violations

Dear Council:

I write to formally notify Council of what appear to be violations of the Ohio Open Meetings Act relating to Council's use of executive session. I further write to offer Council the opportunity to resolve these violations without requiring me to pursue legal action under the Open Meetings Act.

I recently requested public records relating to the City Manager's compensation after councilmembers made public statements that he was underpaid as compared to his peers. I was surprised to find that in 2018, the City Manager received two performance bonuses totaling \$15,000. Upon further research, I found that Council did not take action in an open meeting relating to either of the performance bonus payments, despite the fact that Resolution 2009-68 expressly requires Council to do so. So when and how did Council decide whether and how much to pay the City Manager with regard to these performance bonuses? Public records suggest the actions were taken during executive sessions on January 9, 2018 and December 11, 2018.

While the Ohio Open Meetings Act permits Council to *discuss* an employee's performance and compensation in executive session, it prohibits Council from *making any decisions or taking any formal action* in executive session. Rather, Council is required to make all decisions and take all formal action in an open meeting on the public record. Council may not vote, conduct a straw poll or otherwise reach a collective decision in executive session. Yet it appears with regard to the performance bonuses, that is exactly what Council did on at least two occasions in 2018. As result, Council concealed from the public \$15,000 in compensation paid to the City Manager. Public comments made by certain Council members about the City Manager's pay as compared to peers were based upon grossly understated figures.

Ohio law permits a citizen to bring a lawsuit against a public body to remedy violations of the Open Meetings Act. I wish to offer Council the opportunity to avoid such litigation and instead, enter into a pre-litigation settlement to acknowledge and correct these apparent Open Meetings Act violations without the expense and disruption of a lawsuit.

This Agreement would require Council to immediately take the remedial and preventative actions required under the Ohio Open Meeting Act, specifically:

- Acknowledge in writing that Council's conduct violated the Ohio Open Meetings Act;
- Rescind all formal action taken as result of Council's unlawful use of executive session, including but not limited to the performance evaluations given and the salary increases and performance bonuses paid to the City Manager in January 2018 and again in December 2018;
- Recover all money spent as result of Council's unlawful use of executive session, including but not limited to recovering the salary increases and performance bonuses paid to the City Manager in January 2018 and December 2018 and return them to the City Treasury;

EXHIBIT

tabbles

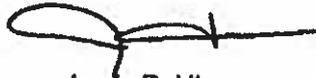

- Acknowledge in writing that Council is prohibited from taking any subsequent action to remedy its improper use of executive session with regard to the City Manager's performance evaluation, salary increase and/or performance bonus;
- Require all Council Members and all members of the City Administration to attend a training by the Ohio Attorney General regarding their obligations under Ohio's Sunshine Laws within ninety (90) days; and
- Acknowledge that any Council Member who is found to violate his/her obligations under Ohio's Sunshine Laws in the future will be subject to removal from office by the County Prosecutor per a *quo warranto* action.

Please evaluate this matter and respond to me by the close of business on April 17, 2019. If you believe that I am mistaken in any way or that there are additional facts which would better inform my position, please provide me with such information.

If I do not hear from you or your representative by April 17th, I will proceed with filing a lawsuit through counsel and pursue the recovery of all available remedies, including statutory fines and attorney's fees and costs. I sincerely hope that will not be necessary and this Council will accept my invitation to acknowledge its violations, timely correct them and work to ensure that all members comply with Ohio Sunshine Laws going forward.

I look forward to hearing from you or your representative by next week.

Sincerely,

Re: Your letter dated April 8, 2019

Dear Mr. Hinners:

In response to your letter dated April 8, 2019, please be advised that City Council will be placing two proposed resolutions on the agenda of its regular meeting to be held on May 14, 2019 to ratify and approve the merit compensation paid to City Manager Andrew D. White for his satisfactory performance evaluations for the years 2017 and 2018 and to expressly provide that because payment has been made, no repayment by Mr. White or further payment by the City will be required. Please be advised that the merit compensation payments made to Mr. White on January 19, 2018 and December 21, 2018 were budgeted and appropriated by legislative action of City Council taken at public meetings, specifically Ordinance No. 2017-45, adopted on December 27, 2017, and Ordinance No. 2018-35, adopted on December 11, 2018. The State Auditor is aware of the language in the City Manager's employment contract regarding compensation and the merit compensation payments that are generally made to the City Manager on an annual basis. The State Auditor has never made an audit finding regarding this procedure. Regardless, City Council's consideration of the proposed resolutions mentioned above resolves the concerns raised in your letter.

Finally, City Council approves the City Manager's salary increases by ordinance on an annual basis at a public meeting. The City Manager's salary increases for 2018 and 2019 were approved by Ordinance No. 2018-4, adopted on February 13, 2018 and Ordinance No. 2019-2, adopted on February 12, 2019. As such, City Council will not be taking any additional action with respect to the City Manager's salary increases.

Very truly yours,

Aimee W. Lane
Law Director
City of Huron

On such appeal there shall be no debate, but the member making the appeal may briefly state his reasons for the same, and the presiding officer shall have the same right to a similar statement. The Director of Law shall function as Parliamentarian when requested by the presiding officer.

VI. STANDING COMMITTEES. Standing committees shall be created by motion of any Council member approved by a majority of the members of Council.

The Mayor shall appoint two members to each standing committee immediately following the approval of the motion creating such committee.

RE: State of Ohio v. Stacy Hinnners, et al.—our call this morning to request City of Huron prosecuting attorney's dismissal of criminal charges with prejudice

Dear Director Lane:

Respectfully, the issues we have raised are not constitutionally or ethically difficult. Ms. Hinnners was charged with exactly zero "disruption" taking place right in front of you at the Council meeting as Ms. Hinnners exercised her First Amendment-protected right to free speech. It is apparent from the video footage of the incident that the mayor told you and the city manager of his intentions, and you, as law director, did nothing to stop him and permitted him to violate Ms. Hinnners's First, Fourth, and Fourteenth Amendment rights.

Given these circumstances, your uncertainties about your duties, and your failure to dismiss the charges to spare Ms. Hinnners from continuing harm, we will proceed with tomorrow's appearance. I am copying police prosecutor Michael Kaufman with the request that he recognize his duty to seek justice, and dismiss with prejudice immediately the charges against Ms. Hinnners. I look forward to my discussion with him tomorrow.

This is as blatant and open a constitutional violation as we ever see in our practice as civil-rights and criminal-law attorneys. And the failure of the City to have the good sense to remedy it immediately—along with the doubling down on it by municipal officials by their public statements—is disappointing indeed.

Sincerely,

—

Dear Mr. Chandra:

Thank you for your phone call and follow-up e-mail regarding the referenced matter.

You have raised a number of issues that require further review and evaluation, including whether I am the appropriate person to be making the decisions on the actions you have requested.

In the interest of ensuring that no decisions are made in haste, the City of Huron proposes that Ms. Hinnners' first appearance be continued for a period of time, maybe 14 days until May 31st. This would address your stated interest in avoiding the need for her to appear in court on Friday, May 17. If Ms. Hinnners is agreeable to this course of action, please let me know so that a joint request to postpone the arraignment can be prepared, circulated, and filed with the Clerk of Court. Alternatively, as you know, a written plea of not guilty and a request for a pretrial could be submitted without appearing in court.

Sincerely,

Aimee W. Lane

Subject: State of Ohio v. Stacy Hinnners, et al.—our call this morning to request City of Huron prosecuting attorney's dismissal of criminal charges with prejudice

Dear Director Lane:

I am writing to follow up on my telephone call with you, Mr. Wallach, and Mr. Hanna this morning to request, on behalf of Stacy Hinnners, dismissal with prejudice of all criminal charges. Currently, Ms. Hinnners is charged with violating H.C.O. 509.04 ("disrupting a lawful meeting").

As I explained during our call, I was calling you solely in your capacity as prosecuting attorney of the city of Huron—the highest prosecutorial authority of the jurisdiction—in an effort to appeal to your ethical, prosecutorial judgment and discretion. Accordingly, I think any "client" consultation as Mr. Wallach suggested during our call would be inappropriate, because criminal charges are filed on the public's behalf and not on behalf of any civil client. The mayor and city manager, for example, have no decisionmaking authority and should not participate in any decision, regarding whether any individual is prosecuted. That is strictly a prosecutorial function.

During our call, you all were uncertain as to whether a call to you versus to Huron "police prosecutor" Michael Kaufman would be appropriate, and you said you would look into the question and call me back.

Since then, I've had the opportunity to look into that issue and write to report back what I found.

Section 5.10 of the city of Huron's charter provides that the law director "shall perform such duties as may be assigned to the office of city solicitor by law, as well as those imposed by the administrative code."

R.C. 733.51 provides that "[t]he director of law shall be prosecuting attorney of the mayor's court. When the legislative authority of the city allows assistants to the director of law, he [sic] may designate the assistants to act as prosecuting attorneys of the mayor's court. The person designated shall be subject to the approval of the legislative authority."

The city's own website states that a function of the law department is "to represent the City and the State in all prosecutions brought in the Huron Municipal Court, including round the clock availability to advise the various law enforcement agencies and providing advocacy services to all victims of crime within the jurisdiction of the Huron Municipal Court."

I found nothing in the codified ordinances linked through the city's website and last updated in January 2019 to indicate that the city's legislative authority (its council) has allowed you to designate assistants to act as prosecuting attorneys. I am accordingly left uncertain regarding the legal status or authority of Michael Kaufman, who, oddly, appears on the website of the Huron Municipal Court as "court staff." (I trust you will correct me if I overlooked something.)

Regardless, I think it's reasonable based on the above authority to conclude that you, as law director, are the highest prosecuting authority for the city, and that it is appropriate to request that **you** dismiss all charges against Ms. Hinnners with prejudice, and do so immediately. If you direct Mr. Kaufman to execute that decision, that's fine with us.

As you surely know by now, video and audio of the incident—at which I understand were present—make plain that Ms. Hinnners did not "disrupt" the Council meeting as was claimed but was engaged in First Amendment-protected speech—speech that the mayor and perhaps others apparently did not like. Putting aside for the moment the unconstitutional vagueness and overbreadth of H.C.O. 509.04 on its face and as applied (e.g., "[m]ake any utterance, gesture or display which outrages the sensibilities of the group'), any charge based on what transpired last night is improper. This incident is remarkably similar to the 2017 U.S. Supreme Court case of **Lozman v. City of Riviera Beach, Florida**. It would be best if the prosecution corrected course and dismissed charges with prejudice immediately, rather than continue the city and its officials down this unconstitutional path. No probable cause exists or ever existed to support the arrest or charge.

Finally, I ask you to consider issues of conflict before you personally make a judgment. You were a witness to what transpired and to Ms. Hinnners's speech, and it does appear that the mayor spoke with you and the city manager before having Ms. Hinnners arrested. If an independent prosecutor needs to be swiftly appointed, and you have that authority, then please do so immediately.

The summons Huron police officers gave Ms. Hinnners requires her to be in Huron Municipal Court on Friday, May 17, at 8:30 am. I am trying to avoid that necessity. A prompt response would be appreciated.
